

## **Concurrency Study – State Owned Transportation Facilities**

**SSB 6241.PL p. 30**

**Sec. 224.** 2005 c 313 s 223 (uncodified) as passed March 8, 2006:

### **FOR THE DEPARTMENT OF TRANSPORTATION--TRANSPORTATION PLANNING, DATA, AND RESEARCH--PROGRAM T**

(10) \$100,000 of the motor vehicle account--state appropriation is provided solely to the department in accordance with RCW 46.68.110(2) and 46.68.120(3) and shall be used by the department solely to conduct an analysis of expanding the transportation concurrency requirements prescribed under the growth management act, chapter 36.70A RCW, to include development impacts on level of service standards applicable to state-owned transportation facilities, including state highways and state ferry routes. The objective of the analysis is to determine how to ensure that jurisdictional divisions do not defeat growth management act concurrency goals. The department shall convene a committee to oversee the analysis, with the committee comprised of, at a minimum, four members of the transportation committees of the legislature, four members of the appropriate land use committees of the legislature, and one member each from the association of Washington cities and the Washington state association of counties, or a designee thereof. The completed study, including recommendations, must be submitted to the appropriate standing committees of the legislature, and to the office of financial management, by December 1, 2006.
